

Life Leaders Journal

To inspire action so we *PLAN and LEAD in LIFE*, serving and inspiring others.

Dr. David Dyson

**“I PRESS ON TOWARD THE GOAL
TO WIN THE PRIZE FOR WHICH GOD HAS CALLED ME...”**
-PHILIPPIANS 3:14-

Be a **“vehicle of inspiration...expand territories...don't give up!”**

“I see many people in my country and here in the U.S. who need inspiration and insight to do what God has called them to do.”

--Bishop Bernard Omukubah--

If you are thinking of the reason for the season, you should like this message.

What action do you take inspired by the meaning of the season?

Some do nothing; some remember and reflect on meaning; Life Leaders honor holidays with remembrance as well as action inspired by the meaning.

Bishop Omukuba inspires us with his message:

Dear Dr. David,

Life Leaders has been such a blessing to me! What I am learning and doing will help me as I serve other leaders in the 485 churches we have started in Africa. Most of those churches have a pastor, assistant pastor, and a deacon, so when I teach and preach in Africa, about 1500 church leaders are served. I will take your principles and practices with me.

Life Leaders is a vehicle of inspiration. The principles apply to all areas of life -- for pastors, parents, and professionals -- for anyone with ears to hear. God is using you to serve people from all walks of life. I seek to learn more about leadership in my life to help more people discover their callings. I see many people in my country and here in the U.S. who need inspiration and insight to do what God has called them to do.

Life Leaders should continue to expand its reach and territories. Don't give up!

I encourage all who come to Life Leaders to reach out to invite more people who can make a difference. Look for people who want and need to grow, those who need and want learning and becoming.

I ask myself at the end of each day: Did I make a difference? Did I bless someone? How can I expand my capacities? For those who also want to grow and serve, Life Leaders can serve them.

Please continue with your teachings. They have been powerful for me and I want to be a part of Life Leaders in the future. However you want me to serve, I am there.

Bishop Dr. Bernard Omukuba
Founder and Presiding Bishop, Africa Region
Christ Abundant Life Church

Bishop Dr. Bernard Omukuba serves as a pastor who preaches in the United States, conducts a Sunday service on WOTM TV in Hoover, and raises funds for orphaned children in Africa where he is Presiding Bishop leading pastors and deacons in 485 churches. Dr. Omukuba joined Life Leaders in 2009 after being invited to attend one of our monthly seminars by Angela Morrison. Bishop Omukuba offered our prayer plus a testimonial message of encouragement at our banquet, then followed up with a phone call the next morning to encourage us to continuing serving and growing our reach.

We hope you felt inspiration from his words. He inspires us to persist, to be faithful to what we are called to do. We offer his words to you as a source of inspiration for your callings and to invite you to hold us accountable for serving as we are called. We invite you to use Life Leaders to develop yourself and others near you in a richer way this new year – our 20th as an association. If you have “tried us” before, perhaps you will try planning, learning, and improving with us again. We have good intent; we learn from mistakes; we seek to serve better. You can join Bishop and us January 5 as we seek to discern and develop our callings and choices as our best-selves.

If you like our mission, join us, advocate us for membership, seminars, and consulting, or help us serve better.
